BRYAN ON THE BOERS.

Addresses a Large Audience at Cleveland Called to Express Sympathy.

A STRONG RESOLUTION ADOPTED.

President Roosevelt Urged to Stop the Shipment of Supplies to South Africa — The Speeches and the Speakers.

Cleveland, Jan. 6. — Four thousand people attended a pro-Boer meeting in Grays' armory. There was enthusiastic applause of every expression of sympathy and encouragement for the struggling Boers. An unexpected event in the meeting was the appearance of Hon. W. J. Bryan, who was in this city as the guest of Mayor Johnson. The meeting continued for four hours, the principal address being by Hon. John J. Lentz, Rev. August Franz, a local Reformed Lutheran clergyman, also spoke. Mr. Bryan, in his speech, said he was in entire sympathy with the intent of the meeting, eulogized the fighting South African farmers and urged them to continue the struggle. He said he was glad the war had cost England so dearly, and that the disastrous cost in money and life would be a much-needed lesson for the English government, because it would teach and had already taught a lesson that will not be soon forgotten. Mr. Bryan said he considered it a disgrace that no official expression of sympathy had yet been made by this government.

Mayor Johnson also spoke briefly, and said he was in full sympathy with the intent of the meeting, and expressed sentiments similar to those expressed by Mr. Bryan. A resolution of great length was passed and will be sent to the president of the United States. The resolution calls the attention of the president to the continuance of the war for the past two years, and states that it has been characterized, on the part of the British, as a conflict of savagery, by the confiscation or destruction of property of inhabitants and noncombatants lying within the zone of war. Attention is called to the denunciation by President McKinley of the system of reconcentrado camps. The president is asked to enforce the treaty of Washington, May 8, 1871, denying to vessels operating under British authority opportunity for the augmentation of supplies of war from the United States.

AT FORTY-TWO

Stands the Number Lost in the Walla Walla Collision.

San Francisco, Jan. 6.—The French bark Max, which collided with the steamer Walla Walla on Thursday morning, is being towed to this city in a badly disabled condition. The steamer George W. Elder from Portland reports that she passed the Max in tow of the steamer Acme and the United States revenue cutter McCulloch, 13 miles northwest of Point Reyes. The Max's bowsprit was carried away and her bow was stove in both above and below water line. Her water-tight compartments alone were keeping her afloat. Ninety-two survivors of the Walla Walla arrived here from Eureka on the steamer Pomona. There is still some discrepancy in the lists of dead and missing. The number ranges from 37 to 41. This discrepancy is due to the fact that several passengers boarded the vessel just as she was leaving port. Others who were traveling second class gave assumed names in order to hide their identity. By striking out what are possible duplicates the number of lost stands at 42, classed as follows: Known dead, 9; missing, passengers 13, crew 20. One life raft is unaccounted for, and it is feared all the missing are lost.

Miss Stone Not Released.

Conestoga, Jan. 6.—The news that the brigands holding Miss Stone captive are being hustled by the inhabitants of the Turkish territory where they are said to be in hiding, has created considerable sensation here. A deadly feud is said to exist between the leaders of the hostile bands, some of whom are reported to have deserted and as attempting to re-enter Bulgaria. Much anxiety is felt here with regard to the outcome of these developments. Members of the American legation say the rumors of Miss Stone's release are quite unfounded. No direct news has been received from the American captive since Nov. 13.

Wed Hawaii's Former Premier.

San Francisco Jan. 4. — Samuel Parker, formerly premier and minister of foreign affairs of Hawaii, married Mrs. Abigail Campbell of San Jose, widow of the millionaire planter, James Campbell, the engagement of whose daughter Abbie to Prince Kawanakoa was recently announced.

WRONG SIGNAL GIVEN.

Four Killed and Five Injured In a Wreck In Pennsylvania.

Johnstown, Pa., Jan. 6.—Because of a wrong signal at the Ninevah tower a fast eastbound Pennsylvania express train ran into a slow freight train ahead, five miles west of this city, and a few minutes later a westbound freight crashed into the wreck, causing the death of four persons and the serious injury of at least five others. The train, No. 14, got a clear block at the tower, and running ahead at full speed crashed into the rear of extra freight No. 490, wrecking the engine and two cars of No. 14 and the cabin and two cars of the freight Westbound extra freight No. 993 almost immediately piled into the debris, the engine and ten cars tumbling into the river.

The dead: James G. Black, engineer, found in his cab, perhaps drowned; Fireman William Paul of Pitcairn, died in hospital from injuries; Robert S. Nolan of Pitcairn, first brakeman on 893; Engineer James Winters of Pittsburg, in charge of No. 14.

The wreck occurred on a sharp curve and the express could not stop after coming in sight of the freight train ahead, while the westbound freight ran in before a flagman could be sent forward to signal it.

Dowie Wants His Case Reopened.

Chicago, Jan. 6.—Counsel for "Dr." John Alexander Dowie announced that Judge Tuley would be asked Monday to reopen the case wherein Samuel Stevenson, Dowie's brother-in-law, seeks a receivership for the Zion lace industries. In his bill Stevenson denied that he had signed an agreement to accept common stock in the concern. Mr. Packard, attorney for Dowie, claims he has discovered let-but declares his belief in his right to ters from the complainant to the latter's brother in which the complainant admits signing such an agreement, but declares his belief in his right to disregard the pact. It is for the introduction of these letters that a re-opening of the case will be asked.

Fire at Omaha.

Omaha, Jan. 6. — Fire destroyed three large buildings at the corner of Fifteenth and Howard streets. The stocks of the Western Electrical Supply company, the Douglas Printing company and the Frontier Steam Laundry company are a total loss. The loss will reach \$100,000. The Karbach hotel, just across the alley from the printing establishment, was the scene of wild excitement for a short time. Several guests jumped from second story windows and others down fire escapes in their night clothing. One man, W. H. Hawkins, of Sac City, Ia., was carried out in a fainting condition and may die. Others received more or less severe injury.

Low Charges Bribery.

New York, Jan. 6.—Interest in the organization of the board of aldermen of Greater New York, when it is expected, the fusion members will be in the majority, is very great. Mayor Low issued a statement indicating that he has reason to believe a movement is on foot among the opposition to upset the majority confidently counted upon. He said: "Pretty definite rumors have reached me that money is being used to induce aldermen elected on the fusion ticket to stay away from the meeting of the board for organization next Monday, or if present, to vote against the fusion side."

Illinois Bank Robbed.

Decatur, Ills., Jan. 6. — Four men broke into the bank of A. R. Scott at Bethany, blew up the safe and secured \$2,000 in bills. A large quantity of gold and silver were left as the robbers were driven off by citizens who were aroused by the explosion and began shooting. The robbers were at work two hours and fired five charges of nitro-glycerin before citizens got out.

Car Dynamited.

Springfield, Ills., Jan. 6.—A street-car which was conveying 35 employees of the Sattley Manufacturing company from the plow works was wrecked by dynamite, which had been placed on the track near the works. The passengers were thrown into a panic, though nobody was seriously injured. Leaders of the strikers denounce the wrecking of the car.

Lindinger Withdrew.

New York, Jan. 6.—Fritz Lindinger, independent Democratic candidate for representative from the Seventh congressional district, has withdrawn from the contest and he has issued a statement asking his followers to vote for Perry Belmont, who has been declared by Judge Scott of the supreme court the regular Democratic candidate.

Hobson To Tackle Politics.

Montgomery, Ala., Jan. 6.—Captain Richmond P. Hobson will soon resign from the navy and enter politics. It is said he will oppose Hon. John H. Bankhead as congressman from the Sixth district.

TO END THE RISING.

General Bell Employs Stern Measures In a Luzon Province.

THE PEACE ADVOCATES PROTEST.

Conditions Continue Unsatisfactory on the Island of Samar—Military Hold Isle of Leyte to Be Dangerous.

Manilla, Jan. 6.—General J. Franklin Bell is conducting a vigorous campaign in Batangas province. Every available soldier is in the field. The columns under the command of Colonels Wint and Dougherty are driving the Filipinos in all directions. A number of the latter are fleeing to Tayabas province, where the native constabulary are rendering valuable assistance in capturing men and rifles. The advocates of peace at Manilla deprecate the stern measures employed by General Bell. In reply General Bell says that these peace advocates have had numerous opportunities to use their influence, as they have been given passes through the American lines almost for the asking and that it has afterwards proved that they often only went through the lines for the purpose of assisting the insurrection. General Bell says the best peace method now is a rigorous warfare until the rising is completely subdued.

The arrest of members of the wealthy Lopez family and the confiscation of their steamers and rice, as well as the arrest of three members of the religious corporations who were known to be instigators of the insurrection, has had an excellent effect upon the natives.

Conditions in the island of Samar are still unsatisfactory owing to the difficulty of finding the insurgents. Captain Schoeffel of the Ninth Infantry, who was wounded in a severe hand-to-hand fight, has practically recovered from the effects of his wound. In an official report of the encounter in which Captain Schoeffel was hurt, it is said that Schoeffel killed three men before he received his wound, and that the remnants of the detachment of 18 men were saved by his personal courage and daring. The civil authorities say that the island of Leyte is now perfectly peaceful. On the other hand, the military authorities consider Leyte to be dangerous on account of its proximity to Samar, if for no other reason. Last Friday Major Albert L. Meyer of the Eleventh Infantry captured quite an extensive arsenal and plant for the making of cartridges at Ormoc, on the northwest coast of Leyte. Major Meyer also captured another powder factory, large quantities of ammunition, four cannon and several rifles.

The constabulary of Tariae, Luzon, have captured a number of members of the Filipino secret society called the "Guardia de Honor." The prisoners intended moving to the island of Polilio (off the east coast of Luzon), where they expected to be free from all interference, temporarily at least, and where they had decided to resist American invasion to the uttermost. Twenty members of the "Guardia de Honor" are charged with sedition. The big stone church at Balayan, in Batangas province, is falling to pieces as a result of the recent earthquake.

Beseech Soldiers to Desert.

Washington, Jan. 6.—The war department has received from the Philippines copies of a remarkable proclamation, signed with the names of nine Americans, seven of them stated as being in the United States military service, inviting American soldiers to desert and join the ranks of the Filipino soldiery.

Denver Aroused.

Denver, Jan. 6.—This city will present a decidedly martial aspect if plans adopted at a mass meeting of citizens are carried out, and the temper of the meeting would indicate that they will be. Because of the many crimes that have been committed here in the past year or two, which have brought terror to Denver residents, the latter have organized a committee of safety for the purpose of protecting the people against criminals. The streets are to be patrolled during the night by armed citizens, who will be expected to keep the town free of the criminal class. All persons on the streets at night will be expected to give an account of themselves when called upon, and failing to satisfy the challenger of the sufficiency of their reasons for being abroad, will be arrested.

Philadelphia, Jan. 6.—The historic Liberty Bell which is to be placed on exhibition at the Charleston exposition was taken from Independence hall to the Pennsylvania railway station, where it will remain guarded until Monday morning when it will start on its southern journey. The bell was accompanied to the station by a military escort.

SHAW AT WASHINGTON.

He Will Succeed Gage in the Treasury Department Jan. 25.

Washington, Jan. 6.—Governor Leslie M. Shaw of Iowa was in conference with Secretary Gage about two hours, Saturday, going over affairs of the treasury department, and then left with the secretary for the White House.

Governor Shaw said it had been decided that he should take charge of the treasury department Jan. 25. He said he had not contemplated any changes in the official force, and he did not know that he would have any occasion to consider such changes. He said he regretted exceedingly that Secretary Gage had decided to leave the treasury department.

Governor Shaw and Secretary Gage remained with the president about half an hour. Governor Shaw later lunched with the president. He said upon leaving the White House that he had no announcement to make beyond fixing the date of his induction into office. Governor Shaw will return to Iowa on Monday.

Assistant Secretary of the Treasury H. A. Taylor will retain his position under Governor Shaw, the new secretary of the treasury. The retention of Mr. Taylor was agreed upon at a consultation between the president and members of the Wisconsin delegation.

Chinaman Held.

Lexington, Ky., Jan. 6. — City and government officials here have sent telegrams to the inspector of the Chinese bureau at San Francisco vouching for Ah Ang Woo, a Chinese tea merchant of this city, held as possibly subject to deportation under the Geary exclusion act. Woo returned from a visit to his native country about a month ago, and has been held as coming under the class of laundrymen. From the nature of the telegrams exchanged it is expected that Woo will be allowed to return here.

Tribute to Schley.

Kokomo, Ind., Jan. 6. — While preaching his farewell sermon to an immense audience at Grace Methodist Episcopal church, the Rev. Dr. W. D. Parr, the new field secretary of the Church Extension society, who will soon establish headquarters at Indianapolis, paid a high tribute to Admiral Schley. He referred to the illustrious hero of Santiago, "in whose immortal crown the stars would shine with increased brilliancy after his traducers had been forgotten." The sentiment was applauded by the audience.

Woman Shot.

Kansas City, Jan. 6. — Near Shawnee, Kan., a village 10 miles west of here, Carl Fisher, a farmer, shot and probably fatally wounded Mrs. Mary L. Wallace in the presence of her husband, J. H. Wallace, and their two small children. The Wallaces were traveling overland in a covered wagon from Rich Hill to Custer county, Neb. They had camped near Fisher's farm and he accused them of stealing corn from his cribs. The shot that struck Mrs. Wallace was intended for her husband. Fisher was arrested.

Cattle Starving.

San Antonio, Tex., Jan. 6.—On account of the almost total failure of grass and the high price of feedstuffs in this section over 100 head of horses and milch cows have been killed in San Antonio during the past 60 days to prevent them from dying of starvation, their owners, who are of the poorer class, being unable to buy feed for the animals. There has been a drought in this section for 12 months or more and there is no present prospect for an improvement.

Salsbury's Bondsmen Balk.

Grand Rapids, Mich., Jan. 6.—The bondsmen of ex-City Attorney Lant K. Salsbury, convicted of bribery in the water supply scandal, and now seeking a new trial, notified the court that they would no longer be responsible for him and asked that he be taken into custody. The same bondsmen were on the bond of Stilson V. MacLeod, who has confessed his connection with the case and they took like action in regard to him.

The Carnegie Institution.

Washington, Jan. 6.—Secretary Hay and several other men interested in the fund of \$10,000,000 to be presented by Andrew Carnegie to be used to advance the cause of education met at the state department Saturday to consider the matter. Articles of incorporation were submitted and adopted and will be filed at once. The name of the incorporation will be The Carnegie Institution.

Lost in New York.

New York, Jan. 6.—The police sent out a general alarm telling of the disappearance of Allan Mallory, 10, son of Charles Mallory, a Chicago stock broker. Mrs. Mallory and the boy were on their way from Chicago to Boston to visit relatives. Stopping over here, Mrs. Mallory went shopping with Allan and lost track of him. Private search having failed, the police were asked to take the case and a telegram was sent to Mr. Mallory.

HEPBURN CANAL BILL

Up For Discussion In the National House of Representatives.

NO LIMIT AS TO TIME FOR DEBATE

Proposition of the Panama Canal Company May Receive Serious Consideration—Week's Program In Congress.

Washington, Jan. 6.—After a recess of almost three weeks both houses of congress reconvened today. The principal item on the house program for the week is the Hepburn isthmian canal bill, which is the special order for Tuesday. No limit has been fixed as to the time for debate upon the measure, but Mr. Hepburn does not contemplate a long discussion of it. It is surmised in some quarters, however, that if the proposition of the Panama Canal company to sell its property and franchises for \$40,000,000 should be made, as promised, this may have the effect of opening a wider field of discussion than at first seemed probable, and if this should prove to be the case the bill may be before the house for a longer time than is now contemplated.

Mr. Burton has given notice of a speech on the bill, and it is understood that there also will be other speeches in criticism of special features of the measure, but its friends are very sanguine not only that the bill will pass, but that it will pass speedily. Mr. Hepburn, the author of the bill, thinks that only a few days of debate will be necessary.

The senate has no program for the week, and very little business on its calendar, as the reorganization of the senate committees did not take place until just before the holidays. There are, however, a few bridge bills reported, and Senator Morgan's bill for the acquisition of the right of way for the Nicaragua canal is among the measures in position to receive attention. It is not probable, however, that the right of way bill will receive consideration at this time, the disposition being rather to await the action of the house upon the general subject, and then have the senate predicate its action on the house bill. If this course should be decided on the discussion of the canal question in the senate will be postponed for a few weeks. The committee on the Philippines will take up the Philippine tariff question very soon, but there is yet no indication as to how much time the matter may consume in committee. Hence there is no probability that the senate itself will be able to reach that question for some time. Senator Frye is engaged on his report on the shipping bill, but is not yet able to fix the time for its completion.

A bill will be introduced during the week to provide for a commission to select a site and secure plans for a memorial arch in honor of William McKinley, late president of the United States, to be erected in the District of Columbia.

Colonel Bryan In Ohio.

Cleveland, Jan. 6.—As the guest of Mayor Tom L. Johnson, Hon. W. J. Bryan spent Sunday and part of today, leaving for Wooster, O., to speak at a Jackson day banquet. Thence he goes to New Haven, Conn., where he will speak at a Jackson day banquet on Wednesday. Concerning the Democratic platform, Mr. Bryan said he thought it too early to forecast such a document, but believed the party would stand by what it has fought for in the past two campaigns, and that the money plank would be included in the platform. Regarding his own candidacy for the presidency, Mr. Bryan said that he was not a candidate for anything. He declined to discuss the availability of Mayor Johnson or any other person for the Democratic presidential nomination.

Bomb Exploded.

Willemstad, Curacao, Jan. 6.—A report has reached here that a bomb was exploded at the residence at Caracas of the Venezuelan minister of finance, Tello Mendoza. The explosion wrecked a considerable portion of the house, but no one was injured. The attempt has caused considerable excitement in Caracas. General Juan Pietri, who has been active in the present revolution against President Castro, and who was arrested Friday at Antimano, was paraded as a prisoner on the Plaza de Bolivar, at Caracas. General Pietri is still hostile to General Matos, and he is also opposed to Venezuelan revolutionists who have lately been here have left this island to join the insurgent bodies in Venezuela.

ARTICLES of incorporation were filed by the Secretary of State at Frankfort by over 500 new companies in 1901. This is the banner record, exceeding any year since the law was passed requiring such articles to be filed with the Secretary of State.

Still, some of the croaking editors would have the public believe that capitalists were seeking other States in which to have their companies incorporated.

The work of raising a subscription of \$100,000 for the endowment of a chair of economics in Washington and Lee University, Lexington, Va., in memory of the late Hon. William L. Wilson, is nearing completion, as President Denny, of the university, announces that \$90,500 of the required sum has been subscribed and deposited in bank. "It is a splendid tribute," remarks the Georgetown News Democrat, "to one of the ablest and purest men that has figured in public life since the close of the Civil war, and will be a fitting memorial to the distinguished 'scholar in politics.'" Ex-President Grover Cleveland, who was an intimate personal and political friend of Mr. Wilson, has been an important factor in securing the handsome sum already in bank.

If the scheme of the Everett-Moore people is to parallel the Lake Shore (Vanderbilt lines) with an electric railway from Cleveland to Detroit with the hope of forcing the Lake Shore Company to buy them out at a fancy price in order to get rid of a dangerous competitor, then the Everett-Moore syndicate is going to get badly fooled. The Vanderbilt people are watching every move made by the Everett-Moore syndicate, and don't propose to be bagged in another Nickel Plate deal.

They will let the Everett-Moore people go ahead with their parallel electric line until it begins to look dangerous, and then they will turn on the pressure from some unexpected quarter in the money centers when the Everett-Moore people are forced to float their securities. The Vanderbilts may not appear directly in it themselves, but all they have to do is press the button and the money interests of Wall street will respond.

The BULLETIN's statement that J. Pierreport Morgan or some of his crowd of trust magnates were at the bottom of the syndicate's troubles was not far from the mark.

TOBACCO SALES.

The Continental Has Bought About 100,000 Pounds in the Vicinity of Dover.

[Dover Messenger.]

The big Continental Tobacco Trust, which has warehouses at Maysville and Augusta, stole a march on our local dealers the past week and slipped in the Dover neighborhood and bought up about 100,000 pounds of choice leaf tobacco in winter order.

Among the crops purchased by the Continental were: W. H. Ladenburger, 12,000 at 8½ cents, H. L. Cordrey, 15,000 at 8½ cents, and about 35,000 from Andrew Tobin at about the same figure, all to be delivered at Maysville and Augusta.

The Continental buyers set the price higher than the market in order to freeze out the Dover buyers, and the farmers are feeling jubilant over the situation.

Bourbon Democrat: "Dan Peed has purchased the following crops of new tobacco: Of Mackey & Burnett, 22,000 pounds, at 8c; Harry Holt, 12,000 pounds at 7c; W. A. Cunningham, 12,000 pounds at 7½c; C. C. Clark, 8,000 pounds, at 7c; Wilson & Ewalt, 7,000 pounds at 7½c; C. J. Daniel, 20,000 pounds, at 7c."

The F. F. V. Limited over the Chesapeake and Ohio a few days ago met with a very peculiar accident at Hawk's Nest at about 3 o'clock in the morning. While the train was running at a fast clip along the mountain side, an icicle, which had fallen from above, struck the roof of one of the coaches, knocking a hole in it as big as a man's body. The piece of ice, weighing over 100 pounds, struck the car floor and a shower of ice was sent all over the car. Most of the occupants of the car were dozing and were badly frightened. Several of the occupants of the car were slightly bruised, but only one was seriously injured.

"At Valley Forge," Mr. Wm. L. Roberts' Colonial play, is announced for the attraction at the opera house Thursday night. The play is built upon the lines of a straightforward love story plentifully interspersed with wholesome comedy and tremendous climaxes, and is more than amply equipped with scenic embellishments. The costuming also lends a

charming blend of color to the general picture. The cast has been selected with a splendid discrimination as to the needs of the play, Mr. Wm. L. Roberts and Miss Olive Martin heading the company. Those who have read the recent stories of "Janice Meredith," "To Have and to Hold," "Richard Carvel," "Sweet Alice of Old Vincennes" and kindred publications can see in "At Valley Forge" the realization of the period from which those books were drawn.

Quite a number of Ohio sportsmen met at Columbus and approved a bill that will be proposed by the State Fish and Game Commission as an amendment to the game laws. The bill proposes to lengthen the hunting season to Dec. 15, instead of only from Nov. 10 to Dec. 1, as now. It also gives the Game Wardens the right to open packages suspected of containing unlawfully killed game. Another clause would compel all public school teachers to read to their classes at frequent intervals the provisions of the law against the killing of song and insectivorous birds.

A Strong Woman

Iowa City, Iowa, Aug. 15, 1900

My wife was sick for three years. We tried everything without relief and spent much money. My wife tried Wine of Cardui and four bottles cured her. She took two more bottles, knowing she would have to work hard during the hay harvest. She attended to all her household duties and loaded and unloaded all the hay. This medicine gave her strength. Formerly she was weak and tired and could hardly get about, but since she has been taking Wine of Cardui she feels better and stronger than when 20 years of age. JOS. A. EISENHAFER.

Mrs. Eisenhafer had tried everything during her three years sickness and had spent considerable money. She was weak and could hardly get about for three years before she took

WINE OF CARDUI

Now, after taking the Wine of Cardui, she can work with her husband in the hay field. That is hard work, but it is not as injurious to a woman's health as labor in stores, factories and offices where thousands of girls are closely confined year after year. With the aid of Wine of

Cardui a woman can do any reasonable work and enjoy good health. The health that Wine of Cardui brings makes a woman vigorous in body and mind. Freed from those terrible devastating pains a woman grows well and strong naturally. Wine of Cardui regulates the disordered menstruation and cures leucorrhoea, falling of the womb and periodical pains in the head and back caused by standing or sitting a long time in the same position. Thedford's Black-Draught puts the bowels, stomach, liver, kidneys and blood in proper shape. Greatly increased strength and endurance is the natural result. Most cases are cured quickly. All druggists sell \$1.00 bottles of Wine of Cardui and 25 cent packages of Thedford's Black-Draught.

The passenger cars are to be fifty feet in length each, and have a capacity for seating fifty-six people. It is said the coaches are to be very fine. The attempt to give the town of Augusta good sidewalks met with opposition from the moneyed fogies who want the earth but do not desire to pay for its adornment. Among the kickers was C. W. The case was fought through all the courts and last week the Court of Appeals decided that the proceedings had been regular and that the council had not exceeded its power or authority. Mr. Taylor will have to build the pavement, after spending more money in his suit than the pavement would have cost him.
